Presentation: Voting Matters

German Martinez, Health Equity Policy & Planning, presented an overview of Voting Matters, the Public Health Department's non-partisan voter engagement initiative designed to increase civic participation among county residents and engage PH staff as trusted messengers. He reviewed the November 3, 2026 General Election, including statewide and local measures, and shared voting resources and ways for staff to get involved. Commissioners were invited to suggest opportunities to present to staff working directly with community residents.

Presentation: Brown Act

Joon Oh, Deputy County Counsel, Office of the County Counsel, presented an overview of the Ralph M. Brown Act, California's open meeting law. He reviewed which bodies are subject to the Act, what constitutes a meeting (including serial meetings and communications through technology or social media), teleconference and remote attendance rules, and agenda and notice requirements. He also discussed the public's rights to access and participate in meetings, limits on public comment, closed sessions, and potential penalties for violations. The presentation was not completed and will be completed at the November meeting.

Informational: Commission Updates

Chair/Vice Chair Update

The Chair reminded commissioners that the Commission must present its annual recap to the Board of Supervisors Health Committee on December 14, and county staff requested that presentation slides be submitted in advance. Commissioners discussed whether subcommittee quarterly reports should be condensed to one slide each, and agreed to bring proposed slide content to the Steering Committee on November 5 to decide on format. County staff reviewed the Board of Supervisors website, noting that the Health Committee (Supervisors Miley and Tam) meets on a published schedule, posts agendas 72 hours in advance, and is recorded. The Chair encouraged commissioners to attend or watch these meetings, bring information

back to the Commission, and plan to attend the December meeting. Commissioners were reminded to state that they are speaking as individuals, not on behalf of the Commission, when giving public comment, and that formal Commission positions require a vote and a written letter. The Chair will resume including Board of Supervisors recaps in the Chair's report.

Action Items:

- Subcommittees to submit proposed slide content for the December 14 Board of Supervisors Health Committee presentation to the November 5 Steering Committee
- County staff to send the Health Committee agenda and Zoom link to commissioners
- Commissioners to attend or watch recordings of Board of Supervisors Health Committee meetings, beginning with December 14
